OBJECTIVE: Interested in an Internship with an organization in the Chicago area, including responsibilities such as software development, product management, and data visualization.

EDUCATION

Saint Xavier University, Chicago, IL
Bachelor of Science in Computer Science

Grad: May 2026

Overall GPA: 3.7

SKILLS

- Microsoft 365 (Excel, etc.)
- Tableau, Adobe
- Java, Node.js
- MySQL, RStudio
- Detailed Oriented
- Data Entry

PROJECTS

LOOT | Money Manager App

- LOOT is a money tracker that helps subscribers manage their finances. I utilized technologies such as MySQL, HTML, JavaScript, and frameworks React and Node.js.
- Created active back-end routes to the database that retrieved and pulled from schemas using curated SQL queries.
- Worked on backend, frontend, and database to create Budgeting and External Accounts features that provided more instructiveness with tracking expenses on the app.
- Created the primary schemas referenced throughout the whole project as well as SQL queries.

RELEVANT COURSEWORK

- Principles Programming
- Visual Data
- Software Engineering
- Database Theory Design
- Data Structures and Algorithm

RELEVANT EXPERIENCE

COVID-19 Data Manger/Tester

Jan. 2022- Jan. 2023

TRILAB | Chicago, IL

- While apart of the testing team I also managed patient inventory and confidential information.
- Implemented clear and centralized data security processes to communicate with team and clients of patient safety.

JA Leadership

Spring 2021

Junior Achievement | Chicago, IL

- Collaborated with partner to teach a kindergarten class at Shields Elementary School.
- Created lesson plans to educate the students in reading comprehension and math in both Spanish and English.
- Used computer-based programs to teach students math while expanding their knowledge on computers.

Intern

Fall 2019

Momentum Worldwide | Chicago, IL

- Partnered with employee and learned about graphic/web design, finance, and software languages
- Worked with a team to develop a resume template using Adobe, HTML and C.
- Collaborated with other interns on ethical work situations and office environment.
