Overall GPA: 3.65/4.00

Exp: May 2026

SKILLS

- Microsoft Office
- Tableau, Adobe
- Java, Node.js
- MySQL, RStudio
- Detailed Oriented
- Data Entry

PROJECTS

LOOT | Money Manager App

- LOOT is a money tracker that helps subscribers manage their finances. My team and I utilized technologies such as MySQL, HTML, JavaScript, and frameworks React and Node.js.
- The project contains 6 working features that include budgeting, money transfers, and monthly summary of expenses for the users to navigate.
- Created active back-end routes to the database that retrieved and pulled from schemas using curated SQL queries.
- Worked on backend, frontend, and database to create Budgeting and External Accounts features that provided more instructiveness with tracking expenses on our app.

RELEVANT COURSEWORK

- Principles Programming
- Visual Data
- Software Engineering
- Database Theory Design
- Data Structures & Alg.
- Web Development

RELEVANT EXPERIENCE

JA Leadership

Spring 2021

Junior Achievement | Chicago, IL

- Collaborated with partner to teach a kindergarten class at Shields Elementary School.
- Created lesson plans to educate the students in reading comprehension and math in both Spanish and English.
- Used computer-based programs to teach the students math while expanding their knowledge on computers.

Intern

Fall 2019

Momentum Worldwide | Chicago, IL

- Partnered with employee and learned about graphic/web design, finance, and software languages
- Worked with a team to develop a resume template using Adobe, HTML and C.
- Collaborated with other interns on ethical work situations and office environment
